

Conference Co-Chair
Symposium VI Co-Chair

Dr. Wei Wang
Intel, Belgium

Wei-E Wang received the Ph.D. degree from the University of California, Berkeley, in 1993. From 1993 to 1999, he was a Postdoctoral Researcher and a Lecturer with the University of California. In 1999, he joined a major semiconductor company and held various managerial and research positions within the company. In 2003, he completed the Product Creation and Innovative Manufacturing program at Management Science and Engineering Department, Stanford University, 2003. Since 2007, he has been the company's Assignee with the Interuniversity Microelectronics Centre, Leuven, Belgium, who is responsible for the research development of Ge and III-V complementary metal-oxide-semiconductor. He has published over 72 technical papers, and he is the holder of four patents.
